WHAT DO A WELL-KNOWN VETERINARIAN, A SUCCESSFUL RESTAURATEUR, AN EXPERT ESTATE LAWYER, AND A LEADING CARDIOVASCULAR EXPERT ALL HAVE IN COMMON?

They're all among the dozens of outstanding local professionals featured in the Women Who Move Maryland section that follows, an annual feature saluting the leading role women have taken in greater Baltimore.

And their participation has extra significance: Some of the section's proceeds will go to the American Heart Association's Go Red for Women campaign.

For business owners, entrepreneurs, and executives, it's a fresh venue to introduce themselves to both our readers and to one another—and it's for a great cause.
